

## Yarn Reel to prepare skeins of desired length to determine yarn count.

### Technical details

Swift circumference: 1 metre, 1 yard, or 1.5 yard.

Number of Ends: 5, 7, or 10.

Traverse Motion: 25–45mm – determined by the number of ends.

Motor Speed: 150rpm or variable 0–250rpm.

### Options Available

YRL:001 – 5 Position 1m electronic yarn reel

YRL:002 – 10 Position 1m electronic yarn reel

YRL:003 – 5 Position 1m manual yarn reel

YRL:004 – 7 Position 1yd electronic yarn reel

YRL:005 – 7 Position 54" electronic yarn reel

YRL:CRL – Optional Creel

### Speed Options

Option F: Fixed Speed (150 rpm)

Option V: Variable Speed (0 – 250 rpm)

### Tensioner Options

Option A: Adjustable tensioner bars with separate creel

Option B: Spring tensioner devices with separate creel

Option C: Adjustable tensioner Bars

Option D: Spring tensioner devices

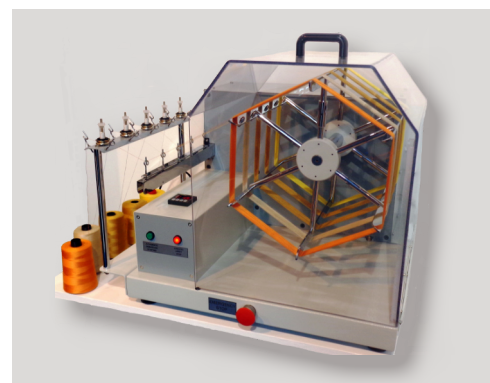

**Typical Dimensions: 780mm x 600mm x 560mm**

**Nett Weight: 45kgs**

**Power Requirements: 0.2kW**

### Key Features

- ✓ Available in a variety of reel sizes
- ✓ Heavy duty reel
- ✓ Collapsible arm for easy yarn removal
- ✓ Winds multiple yarns simultaneously
- ✓ Optional creel
- ✓ Fixed and variable speed units available

Conforms to: BS EN ISO 2060:1995; ASTM D1907-01; ASTM D2260-02; DIN 53830

**Order Code: YRL:001**
